STRAT 7 Chalgrove Airfield

(1) are legally compliant

No

Don't know

(2) are sound

(3) comply with the Duty to Cooperate

Yes

No

Don't know

Please provide further information in relation to the previous question. e.g. why you do or do not consider the Local Plan to be legally compliant or sound.

NB We have met and discussed the proposals with several close neighbours and with our shared sentiments have collectively created this set of objections. You will therefore see a number of these same matching objections, but please understand they are all separate individuals sharing a mutual concern and should be seen as each individual's personal objection comment.

I do not support Policy STRAT7, for the following reasons.

STRAT7 is contrary to SODC Objective 1.2 as I don't consider it supports the community and our way of life. We chose to come and live in [REDACTED] because of its village setting and close community. We support the Neighbourhood Plan as it is sustainable with the current infrastructure. The Strategic site is not, given the infrastructure, and therefore does not follow the same logic as the Neighbourhood plan.

STRAT7 is contrary to SODC Objective 4.2 for the reasons I've stated above. Because [REDACTED] so remote, the countryside would be ruined if the infrastructure needed to meet the car based settlement were to be put in place. Alternative methods of transport such as cycling and walking would only be safe in the confines of the settlement but not getting to it or from it. The public transport is already quite fractured here and the proposed improvements would be totally inadequate. We also note that the County Council cannot fund the proposed apparently sustainable transport scheme. All this is contrary to NPPF paragraph 8c, 102c, 104b, 104d, 108a, 108b, 108c, 110a, 110d.

STRAT7 is contrary to SODC Objective 5.2 as it does not respect the scale of Chalgrove, it would in fact at least treble the size of the community, a community that has grown in relatively small amounts, naturally, over a period of time where the extent of the growth has been such that it hasn't completely changed the nature of the community or its environment. Strat7 would without doubt radically change the community and its environment due to the sheer scale of proposed development without any respect or consideration whatsoever for the lives of those people who chose and invested greatly to live here.

Please set out any modifications you consider necessary to make the Local Plan legally compliant or sound, having regard to your comments above. (NB - any non-compliance with the duty to co-operate is incapable of modification at examination).

It will be helpful if you could put forward your suggested wording of any policy or text as precisely as possible.

We believe that this plan would be sustainable if Chalgrove is taken out.

As there is an over-provision of 5,684 homes, there would still be more than 3,600 homes without Chalgrove Airfield being included.
