are legally compliant?	X			
are sound?		X		
comply with the Duty to Co-operate?		X		

Q7. Please provide further information in relation to the previous question. e.g. why you do or do not consider the Local Plan to be legally compliant or sound.

It is not sound re Chalgrove Airfield as this is currently occupied by a very important strategic defence company who do not wish to move. It is also used as a secondary landing ground for aircraft from Benson. Any house built on part of the site would be at risk from defence activities so it is not any good as a strategic site.. Roads are no good for any increase in traffic and it is too far from Oxford to help with their needs.

Q8. Please set out any modifications you consider necessary to make the Local Plan legally compliant or sound, having regard to your comments above. (NB - any non-compliance with the duty to co-operate is incapable of modification at examination). It will be helpful if you could put forward your suggested wording of any policy or text as precisely as possible.

Remove Chalgrove Airfield from the list of strategic sites in the Plan.

Q10. Would you like to participate at the oral part of the examination, which takes place as part of the examination process?

No

are sound?		X		
comply with the Duty to Co-operate?	X			

Q14. Please provide further information in relation to the previous question. e.g. why you do or do not consider the Local Plan to be legally compliant or sound.

It is not sound because it makes no provision for proper infrastructure as regards cycling and walking links to Wheatley that are within a sensible distance from the majority of new properties. A bridge of some sort over the A40 between the two existing road crossings is essential. It is well known that 300plus homes will in reality mean at least 400 or even more

Q15. Please set out any modifications you consider necessary to make the Local Plan legally compliant or sound, having regard to your comments above. (NB - any non-compliance with the duty to co-operate is incapable of modification at examination). It will be helpful if you could put forward your suggested wording of any policy or text as precisely as possible.

Para 2 iv) a of the Strategy should include the words " provision of an additional crossing over the A40". With the likely number of dwellings eventually built an additional primary school will be required on site.

Q17. Would you like to participate at the oral part of the examination, which takes place as part of the examination process?

No

are sound?	X			
comply with the Duty to Co-operate?			X	

Q21. Please provide further information in relation to the previous question. e.g. why you do or do not consider the Local Plan to be legally compliant or sound.

This is an excellent and sensible proposal to take the area between The Avenue and the commercial property at the east of Wheatley out of the Green Belt, thus rectifying the wrong decision of the Inspector at the time of the Core Strategy. This is in accordance with the emerging Wheatley Neighbourhood Plan and should lead to the quicker provision of affordable properties in the village, long before anything is agreed on the Brookes site.

Q24. Would you like to participate at the oral part of the examination, which takes place as part of the examination process?

Yes

Q25. Would you like to comment on another policy or paragraph?

Q28. Please provide further information in relation to the previous question. e.g. why you do or do not consider the Local Plan to be legally compliant or sound.

I welcome at least the inclusion of this strategic site into the Local Plan, and its removal from the Oxford Green Belt. Being so close to the city it is an obvious choice for development to assist housing in Oxford. It is essential that the railway line into the city be re-opened to enable people living there to avoid having to use their cars.

Q35. Please provide further information in relation to the previous question. e.g. why you do or do not consider the Local Plan to be legally compliant or sound.

The proposed connections to the city are not good and there would be a strong likelihood that traffic would come towards Wheatley to travel either north or east. .Remove it from the Green Belt as such changes can only be done every 20years or so, but do not include it for development in the current emerging plan period to 2034.

Q36. Please set out any modifications you consider necessary to make the Local Plan legally compliant or sound, having regard to your comments above. (NB - any non-compliance with the duty to co-operate is incapable of modification at examination). It will be helpful if you could put forward your suggested wording of any policy or text as precisely as possible.

Add para 5. to STRAT12 to the effect that no development should be considered until 2034 at the earliest

Q42. Please provide further information in relation to the previous question. e.g. why you do or do not consider the Local Plan to be legally compliant or sound.

This site will not assist Oxford City there being no road over the Barton development at this time to connect. Again remove from the Green Belt but no development until after 2034. A lot will depend on what happens to Cherwell's Plan for the area around the north of Oxford.
