Q5. For comments on the Local Plan, please provide the paragraph or policy to which your comments relates. You can view a list of policies here. If you wish to comment on one of the evidence documents or the policies maps, please state the document title as well as the paragraph or policy reference.

Document / Policy / Paragraph: STRAT7

Q6. Do you consider the Local Plan and supporting documents:

	Yes	No	Don't know	Not answered (OPTION HIDDEN FROM LIVE SURVEY)
are legally compliant?		X		
are sound?		X		
comply with the Duty to Co-operate?		X		

Q7. Please provide further information in relation to the previous question. e.g. why you do or do not consider the Local Plan to be legally compliant or sound.

We believe that STRAT7 is inappropriate for the following reasons.

- 1) To the extent that Chalgrove Airfield as an Allocated site is designed to accommodate the unmet housing need for Oxford City it is in totally the wrong place. Not only is it a considerable distance from the City, but it has no existing transport infrastructure to link it to the City. To provide the transport connection will necessarily involve very significant and substantial collateral damage to the environment around it and at considerable financial cost.
- 2) The road network around Chalgrove suffers from severe pinch points in all directions at Watlington, Stadhampton, Little Milton, and Benson. While edge roads have been proposed in the Neighbourhood Plans at Benson and Watlington the other pinch points and the local country lanes surrounding Chalgrove will suffer unacceptable increases in traffic volumes destroying the rural nature of the communities in the area and those very edge roads will soon reach their capacities.
- 3) There is no rail connection in or near Chalgrove and no prospect of creating one. Transport to and from Chalgrove will be entirely dependent on cars and busses on the road network.
- 4) The Allocation of Chalgrove Airfield, therefore, contradicts and defies para 6/2 in STRAT4 which demands that "each Allocated development will be expected to provide quality public transport facilities and connections".
- 5) The Allocation of Chalgrove also contradicts Obj 1.2 (support rural communities and their way of life) and flies in the face of Obj 1.4 (focusing growth in the Science Vale), Obj 4.2 (promote sustainable transport), Obj 5.2 (respecting the scale and character of towns and village) Obj 6.2 (respecting Neighbourhood Plans) and Obj 8.2 (minimum carbon emission).
- 6) It may well be undeliverable because the incumbent tenant (Martin Baker organisation - itself an important defence contractor) is refusing to surrender their long leasehold interest on the site. The proposal that the ongoing activities of Martin Baker could sit comfortably beside a town of the size proposed seems to us to be a suggestion of pure fantasy.
- 7) In that context we are comforted by para 4.65 which recognises that the Allocation relies on a successful CPO which may well fail and, consequently, the" Allocation can be revisited through the first review of the Plan".
- 8) With regard to the possibility of such a review we are also comforted that the number of new homes proposed by the Allocations in the Plan significantly exceeds the required number of new homes (by over 100%) and we feel , consequently, that the possibility of Chalgrove not being deliverable has been accepted by the authors of the Plan If that is the case we believe that all the other Allocated sites must remain in the Plan to make the Plan itself achievable in those circumstances.
- 9) We cannot understand the logic of abandoning the existing B480 Chalgrove by pass and expecting the considerable volume of traffic that currently use that facility to drive through the middle of the New Town proposed in the Allocated site. This seems to be entirely inconsistent with maximising the advantage of current infrastructure and minimising the debilitating effect of traffic growth on existing roads and neighbouring lanes and also on the residents in the new homes on the Allocated site.

Q8. Please set out any modifications you consider necessary to make the Local Plan legally compliant or sound, having regard to your comments above. (NB - any non-compliance with the duty to co-operate is incapable of modification at examination). It will be helpful if you could put forward your suggested wording of any policy or text as precisely as possible.

STRAT7 should be removed from the Plan because Chalgrove Airfield is not fit for the purpose implicit in its Allocation.

(Note: This is a correction to the response made yesterday, which erroneously marked this box 'None'. So our previous response to STRAT7 should be entirely replaced by the one here, apart from this Note.)

As explained in our data protection statement, in line with statutory regulations you will be contacted by the programme officer (and where necessary the council) with relevant updates on the Local Plan. South Oxfordshire and Vale of White Horse District Councils have a shared planning policy database. If you would like to be added to our database to receive updates on other planning policy consultations, please tick the relevant district box(es) below:
