STRAT7 is contrary to SODC Objective 5.2 as it does not respect the scale of Chalgrove, it would in fact at least treble the size of the community, a community that has grown in relatively small amounts, naturally, over a period of time where the extent of the growth has been such that it hasn't completely changed the nature of the community or its environment. Strat7 would without doubt radically change the community and its environment due to the sheer scale of proposed development without any respect or consideration whatsoever for the lives of those people who chose and invested greatly to live here.

Please set out any modifications you consider necessary to make the Local Plan legally compliant or sound, having regard to your comments above. (NB - any non-compliance with the duty to co-operate is incapable of modification at examination).

It will be helpful if you could put forward your suggested wording of any policy or text as precisely as possible.

We believe that this plan would be sustainable if Chalgrove is taken out.

As there is an over-provision of 5,684 homes, there would still be more than 3,600 homes without Chalgrove Airfield being included.
