Subject: Individual response to SODC re the local plan 2034

Dear Sir/Madam

I'm responding to OBJECT STRONGLY to inclusion of the Northfield housing site in the local plan 2034 BECAUSE I have never ever been consulted regarding this development. How can it be legal to include such a site without any public consultation ?

It's a development on designated greenbelt that currently forms a buffer between heavily industrialised Cowley and the villages of Horspath and Garsington as well as being an important wildlife corridor around the Cowley industrial complex.

I do not find a local plan 2034 as proposed to be legally compliant or sound.

I feel very strongly that NORTHFIELD should be EXCLUDED from your 2034 local plan

Please add me to the database so that I can receive further updates regarding the local plan 2034

Sincerely

Richard Burgess
