comply with the Duty to Co-operate?		X		

Q7. Please provide further information in relation to the previous question. e.g. why you do or do not consider the Local Plan to be legally compliant or sound.

This is being proposed to be built in a greenbelt area - which completely goes against the whole point of having protected greenbelt areas across the country. This will greatly increase the noise, light and general pollution for this area and decimate wildlife, not to mention build up future flooding concerns as more land is built on with less place for water to naturally seep.

Q10. Would you like to participate at the oral part of the examination, which takes place as part of the examination process?

No

Q11. Would you like to comment on another policy or paragraph?

No
