TEL: [REDACTED]

Individual Response to SO DC.

planning about the Local Plan 2034

I do not find the Local Plan 2034
compliant or sound and we don't

know if it complies with the duty
to cooperate as that is of no

relevance here. We object to the
use of this site in the Green Belt

near Hotpath because it is important
to keep this land open.

We want to live in [REDACTED]

because it is a separate village.

I do not want SO DC to make

Hotpath into a suburb of Cowley

Also our lovely wild life would

disappear. Also, where will all the

Traffic go.

Oxford is pull.

We request that Northfield is completely
taken out of the local plan 2034
