

South Oxfordshire Local Plan 2034

Page 3: Part A - contact details

Q1. Are you responding as an:

Individual

Page 4: Individual contact details

Q2. Due to the plan-making process including an independent examination, a name and means of contact is required for your comments to be considered:

Title	-
Full name	Cushla Cooper
Business / Organisation name (if relevant)	-
Job title (if relevant)	-
Address line 1	[REDACTED]
Address line 2	-
Address line 3	-
Postal town	[REDACTED]
Postcode	[REDACTED]
Telephone number	-
Email address	[REDACTED]

Page 7: Part B - your comments

Q5. For comments on the Local Plan, please provide the paragraph or policy to which your comments relates. You can view a list of policies here. If you wish to comment on one of the evidence documents or the policies maps, please state the document title as well as the paragraph or policy reference.

Document / Policy / Paragraph: Policy STRAT 13

Q6. Do you consider the Local Plan and supporting documents:

	Yes	No	Don't know	Not answered (OPTION HIDDEN FROM LIVE SURVEY)
are legally compliant?		X		
are sound?		X		
comply with the Duty to Co-operate?		X		

Q7. Please provide further information in relation to the previous question. e.g. why you do or do not consider the Local Plan to be legally compliant or sound.

This is the first notice I have had about this - delivered by a neighbour. The council/developers have not informed the affected community even though the website says development and plans are already underway. This is unacceptable.

Maybe a survey of the amount of residents already suffering mental health issue should have been conducted and considered. More houses is a public health issue. Living in such close proximity of other people with no green land insight is a public health issue. Having nowhere to walk in the countryside (one of the reasons we chose to live in [REDACTED]) and not being able to see green land is a public health issue. The pollution it will cause from cars and other people so close is a public health issue. Isn't public health one of the council priorities to address? Is more fucking houses the answer?....do your research. Learn that people who can walk, live and breath near green land are better of mentally than those who don't. Protect the land that is part of the attraction of this area. Apparently people don't have a right to a view from their houses.....this attitude is a public health issue. This decision is utter crap. May a hole open up and swallow your homes so you can live underground where shit belongs.

Yours sincerely

Cushla Cooper

Q8. Please set out any modifications you consider necessary to make the Local Plan legally compliant or sound, having regard to your comments above. (NB - any non-compliance with the duty to co-operate is incapable of modification at examination). It will be helpful if you could put forward your suggested wording of any policy or text as precisely as possible.

There should have been some sort of information event set by the council/developers proposing the plans rather than this bullshit. Where we now feel we're arguing against a deal that is already done. Democracy? Really?

Q10. Would you like to participate at the oral part of the examination, which takes place as part of the examination process?

Yes

Q11. Would you like to comment on another policy or paragraph?

No

Page 106: Future contact preferences

Q354. As explained in our data protection statement, in line with statutory regulations you will be contacted by the programme officer (and where necessary the council) with relevant updates on the Local Plan. South Oxfordshire and Vale of White Horse District Councils have a shared planning policy database. If you would like to be added to our database to receive updates on other planning policy consultations, please tick the relevant district box(es) below:

I would like to be added to the database to receive planning policy updates for South Oxfordshire
