Document / Policy / Paragraph: STRAT 13

Q6. Do you consider the Local Plan and supporting documents:

	Yes	No	Don't know	Not answered (OPTION HIDDEN FROM LIVE SURVEY)
are legally compliant?		X		
are sound?		X		
comply with the Duty to Co-operate?		X		

Q7. Please provide further information in relation to the previous question. e.g. why you do or do not consider the Local Plan to be legally compliant or sound.

There's little evidence to demonstrate the suggestion proposals are legally compliant or sound. As a resident of Sandhills, I have never been consulted on about these plans, which in itself makes these proposals non compliant with SODCs own statutory policy. There has been no evidence that ecological surveys have been taken, if they have been done, there would be no proposals put forward for this land as it is home no many fauna. The current infrastructure in the area is at capacity as it is, these proposals do not offer enough proviision to cater for the increase in demand for services such as GP'S particularly as we have an ageing population, which demands greater need fo such service.

Q8. Please set out any modifications you consider necessary to make the Local Plan legally compliant or sound, having regard to your comments above. (NB - any non-compliance with the duty to co-operate is incapable of modification at examination). It will be helpful if you could put forward your suggested wording of any policy or text as precisely as possible.

The land should be made a community asset and given back to local community as public green space. such as Headington and Risinghurst all have there allocated free space. It has been thought of and used by Sandhills that is is their green space. With it's close proximity to the A40 one of the busiest and most pollouted roads in oxford, this green space land is the only real rest residents get from polloution and traffic.

Q10. Would you like to participate at the oral part of the examination, which takes place as part of the examination process?

No

Q11. Would you like to comment on another policy or paragraph?

No
