Document / Policy / Paragraph:

ENV 5 – Green Infrastructure in new Developments

Do you consider the Local Plan and supporting documents:

(1) are legally compliant

Yes

No

Don't know

(2) are sound

Yes

No

Don't know

(3) comply with the Duty to Cooperate

Yes

No

Don't know

Please provide further information in relation to the previous question. e.g. why you do or do not consider the Local Plan to be legally compliant or sound.

Policy ENV5 omits any specific mention of protection and enhancement of Rights of Way, which are very important in linking new developments to the surrounding countryside. This fails to comply with NPPF para 91, 98 & 20, and does not follow Planning Practice Guidance for Open space, sports and recreation facilities, public rights of way and local green space.

Previously, Saved Policy R8 referred to: 'The retention and protection of the existing public rights-of-way network will be sought and where appropriate proposals to improve it will be supported.'

(Continue on page 4 if necessary)

Please set out any modifications you consider necessary to make the Local Plan legally compliant or sound, having regard to your comments above. (NB - any non-compliance with the duty to co-operate is incapable of modification at examination).

It will be helpful if you could put forward your suggested wording of any policy or text as precisely as possible.

For ease of reference, we would strongly recommend the inclusion of a specific new policy relating to Public Rights of Way, which would be in line with the recently examined Vale of White Horse Local Plan part 2 - Development Policy 31: Protection of Public Rights of Way, National Trails and Open Access Areas

See: <http://www.whitehorsedc.gov.uk/sites/default/files/Lores%20Local%20Plan%202031%20Part%202.pdf>

Alternatively, Policy ENV 5 should be amended to include the following wording:

'The Council will continue to retain, protect and enhance the existing Rights of Way network. Where appropriate, proposals to improve it will be supported.

New development should not undermine the routes and their existing amenity, recreational, historic and landscape value.

In particular, development will not be permitted where proposals remove, narrow or materially impair the approved line of the Thames Path, Oxford Green Belt Way, Ridgeway National Trail (incl. Icknield Way) or Oxfordshire Way, or key connecting routes, and / or public access to them.'

Point 3, should also guide developers to the National Land Access Centre, which is located in South Oxfordshire.
