Dear sir/madam

With reference to STRAT 12 Northfield

I object to the building of the Northfield housing estate on Green Belt land near Horspath.

I moved out of London to this part of Oxfordshire because of the beautiful views, the clean air and the access to country walks.

The decision to build the Northfield Housing Estate on Green Belt land is contrary to the National Policy Framework, paras 133-137 and there are no 'exceptional circumstances' for the development.

There has also been no meaningful public consultation on the SODC's housing strategy.

Please acknowledge receipt of this response.

Crispin Flintoff
