Please provide further information in relation to the previous question. e.g. why you do or do not consider the Local Plan to be legally compliant or sound.

Whilst the inspector of the core strategy accepted the exceptional circumstances of the release of some Green Belt to allow regeneration of Berinsfield, did the inspector envisage that this would mean the release of land to provide land for the development of 1,700 houses. This site is now expected not only to provide funding for regeneration but also play a part in contributing to many other infrastructure projects as well as require further land to be removed from the Green Belt to provide land for an additional road to give access to the A4074 which does not appear in the Berinsfield Master Plan.

(Continue on page 4 if necessary)

Please set out any modifications you consider necessary to make the Local Plan legally compliant or sound, having regard to your comments above. (NB - any non-compliance with the duty to co-operate is incapable of modification at examination).

It will be helpful if you could put forward your suggested wording of any policy or text as precisely as possible.

Only land required for the development of housing required for regeneration should be released from the Green Belt.

All green infrastructure & remaining undeveloped areas to be washed over by Green Belt policies to deter from future development and to recognise their importance in meeting the need to protect the setting of Oxford.

No development is to take place unless the required infrastructure for regeneration set out in 4.82 can be guaranteed to be funded and provided in full. Funding of further infrastructure should not come forward at the expense of infrastructure listed in 4.82.
