Please provide further information in relation to the previous question. e.g. why you do or do not consider the Local Plan to be legally compliant or sound.

All of the Strategic Development sites proposed and much of the remaining development proposed will cause so much damage to the environment, countryside and current residents of the district that the amount of infrastructure required to mitigate against the impacts of these developments is huge. Funding for these infrastructure requirements via the Growth Board, and government is insufficient to cover the total costs, so it is the developers that are expected to meet the difference. It is unlikely that the developers will come up with enough funding to deliver the required infrastructure as the National Audit Office Report – Planning for New Homes<sup>1</sup> says,

Providing infrastructure to support new homes

16 The way infrastructure is funded is complex, involves several government departments and private developers and lacks cohesion and certainty.

18 The system to get contributions from developers towards the cost of infrastructure is not working effectively.

19 Developers can use the planning system to pay less in contributions than agreed

It is clear from looking at the Infrastructure Delivery Plan that there remain big gaps in funding and it is unlikely that the infrastructure required to support the development proposals within this plan will be delivered. If one site such as cannot be delivered or fails to reach the trigger point for contributions it would leave a shortfall in funding towards shared mitigation projects such as Culham Bridge. Many communities without the facilities they require, with some settlements getting the schools, bypasses plus other infrastructure they require, whilst others don't.

Many of the housing developments require the allocation and purchase of land to provide bypasses. It can take along time for planning permission for such roads to be given, and indeed the compulsory

purchase of land may be required. This plan has failed to identify and secure much of the land needed to provide the required infrastructure, which threatens the plan's ability to meet its delivery targets and will lead the district to continued developer-led development.

Paragraph 7.12 states they work with neighbouring authorities, yet there is no mention of the strategic developments in Haddenham & Princes Risborough which are close to Thame & Chinnor respectively. Plus the Evaluation of Transport Impacts work – has only looked at strategic sites, despite the fact that Thame & Chinnor combined will be bringing forward approximately 2450 dwellings (Thame 1518, Chinnor over 900), within only an increase in the frequency of 280 bus service (Aylesbury to Oxford) being proposed (from 3 to 4 buses per hour) in this plan (LPT4).

Please set out any modifications you consider necessary to make the Local Plan legally compliant or sound, having regard to your comments above. (NB - any non-compliance with the duty to co-operate is incapable of modification at examination).

It will be helpful if you could put forward your suggested wording of any policy or text as precisely as possible.

I would like to see the inclusion of the wording “continue to work with authorities in Buckinghamshire to understand any cross-border transport impacts from development and plan for associated mitigation.

All development will only be permitted and come forward for development when full infrastructure funding has been secured. This is particularly important for infrastructure funding that relies on the delivery of more than one site.

**Sharing your personal details**

All comments will be submitted in full to the Secretary of State alongside a submission version of the Local Plan. The Secretary of State will appoint an independent planning inspector, who will carry out an examination of the plan.

Your name, contact details and comments will also be shared with the planning inspector and a programme officer, who will act as a point of contact between the council, inspector and respondents. This means that you will be contacted by the programme officer (and where necessary the council) with updates on the Local Plan. This is required by Regulation 22 of the Town and Country Planning (Local Planning) (England) Regulations 2012 and Section 20 of the Planning and Compulsory Purchase Act 2004.

We have received assurance that the data passed to the planning inspector and programme officer will be kept securely and not used for any other purpose. The inspector and programme officer will retain the data up to six months after the plan has been adopted. South Oxfordshire District Council will hold the data for six years after the plan has been adopted.

Comments submitted by individuals will be published on our website alongside their name only. No other contact details will be published. Comments submitted by businesses and/or organisations will be published on our website including contact details. If you would like to know more about how we use and store your data, please visit [www.southoxon.gov.uk/dataprotection](http://www.southoxon.gov.uk/dataprotection)

### Future contact preferences

As explained in our data protection statement, in line with statutory regulations you will be contacted by the programme officer (and where necessary the council) with relevant updates on the Local Plan. South Oxfordshire and Vale of White Horse District Councils have a shared planning policy database. If you would like to be added to our database to receive updates on other planning policy consultations, please tick the relevant district box(es):

- I would like to be added to the database to receive planning policy updates for South Oxfordshire
- I would also like to be added to the database to receive planning policy updates for Vale of White Horse
