(2) are sound

(3) comply with the Duty to Cooperate

Please provide further information in relation to the previous question. e.g. why you do or do not consider the Local Plan to be legally compliant or sound.

Chalgrove is 8 miles away from Oxford and so houses in Chalgrove would not necessarily address the demand for houses in the city of Oxford. Also, a lot of people in Chalgrove commute to London and Reading, and more houses would encourage more people from these areas to move to Chalgrove. Chalgrove would potentially become a feeder town for London and Reading rather than serve the needs of the people of Oxford.

The local plan for larger villages says it wants about 15% growth through new houses, and Chalgrove is already building 320 new homes. This is an increase of about 30% on top of the 1,000 houses currently in Chalgrove. I believe that a sound plan needs to reflect proportionate growth of 15% across villages and towns and STRAT 7 does not do this.

I have looked at an Ordnance Survey map for Oxfordshire and it is very clear that there are no main roads from Chalgrove to Oxford. The current road would need to be upgraded with new lanes added and I imagine that land either side of the road would need to be purchased. The cost of this does not appear to have been adequately accounted for within STRAT 7.

Chalgrove has two weight bearing bridges. I do not see anything in the Local Plan which addresses how this issue will be addressed and it indicates that sound thought and planning for roads had not been made.

Martin Baker's lease on the airfield has many years to run. Martin Baker has publicly stated they do not wish to move. STRAT 7 has failed to mention that a CPO (compulsory purchase order) to buy the land may be lengthy and costly. The Local Plan needs to be achievable and realistic and to follow a course of action which is being met with such resistance does not seem the right thing to do.

There has recently been a lot of new houses built in Benson and demand for these houses is less than anticipated, thereby meaning that Benson currently has a surplus of houses. Additional houses in Chalgrove would also end up being surplus to requirements.

Please set out any modifications you consider necessary to make the Local Plan legally compliant or sound, having regard to your comments above. (NB - any non-compliance with the duty to co-operate is incapable of modification at examination).

It will be helpful if you could put forward your suggested wording of any policy or text as precisely as possible.

Take STRAT 7 out of the Local Plan as the plan would still meet its targets with STRAT 7 removed.

Would you like to participate at the oral part of the examination, which takes place as part of the examination process? *

Yes No

* **Please note:** the inspector will determine the most appropriate procedure to hear those who have indicated that they wish to participate at the public hearing.
