The proposal for a new bridge over the Thames at Culham and a by-pass at Clifton Hampden to provide an alternative access between A34 and Oxford does not take into account the effects of increased traffic, in particular heavy lorry traffic, on the historic village and conservation area of Nuneham Courtenay.

(NB - any non-compliance with the duty to co-operate is incapable of modification at examination). Firm proposals for the mitigation of the adverse effects on the village must be set out and included in the plan for implementation before the road is built.
