Please find attached my four comments on the SOLP2034 consultation document. I continue to be impressed by the amount of work that the Planning Policy team is able to achieve in dealing with these matters in increasingly complicated times (in planning terms). However, I do have some issues on the documents which I would like to you to consider.

I'm not sure how to attach an electronic signature, so I have printed and scanned a copy, which I would be grateful if you would treat as a signature for each comment.

Regards,
Paul Earley.
