Q6. Do you consider the Local Plan and supporting documents:

	Yes	No	Don't know	Not answered (OPTION HIDDEN FROM LIVE SURVEY)
are legally compliant?		X		
are sound?		X		
comply with the Duty to Co-operate?		X		

Q7. Please provide further information in relation to the previous question. e.g. why you do or do not consider the Local Plan to be legally compliant or sound.

I have never been consulted about this plan at any stage in its development.
I object to the use of this site on the green belt near the Village of Horspath as no exceptional circumstances exist for removing the Northfield site from the green belt and this is in conflict with the National Planning policy Framework.
The harm caused by removing the Northfields site from the Green belt is greater than any benefits obtained.
I moved to Horspath to become a resident in a village and now do not want to become part of Oxford City which is exactly what this development would cause. I agree that there is a housing shortage but as long as there are areas in Oxford City that could be developed for Housing and there are!!! The outlying areas do not need to solve Oxford City problems.
This green belt area will be eroded by a money making college and a District council that have no empathy towards our environment neither the creatures and plants or the people who are at present using and looking after it.

I request that Northfield is completely taken out of this Local Plan.

Q8. Please set out any modifications you consider necessary to make the Local Plan legally compliant or sound, having regard to your comments above. (NB - any non-compliance with the duty to co-operate is incapable of modification at examination). It will be helpful if you could put forward your suggested wording of any policy or text as precisely as possible.

Firstly the plan should have been consulted long before it reached this stage and with consultation the plan would not have reached this far.

Q10. Would you like to participate at the oral part of the examination, which takes place as part of the examination process?

Yes

Q11. Would you like to comment on another policy or paragraph?

No
