Subject: Individual Response to SODC Planning about the Local Plan 2034

Dear Sirs

With reference to STRAT 12 Northfield:-

1. I chose to live in Horspath village and not in a suburb of Cowley aware that the village was 'washed over' by the Green Belt which was set up specially to protect the gap between Horspath & Oxford and stop development and urban sprawl as proposed here.
2. This is the first time I have heard about the proposal and I have never been consulted at the earlier stages of the plan.
3. The setting of Horspath as a rural village in the Green Belt would be totally destroyed if this development were permitted to proceed.

I request that Northfield is removed from the Local Plan 2034.

Yours sincerely

David Horsley
