Q21. Please provide further information in relation to the previous question. e.g. why you do or do not consider the Local Plan to be legally compliant or sound.

Providing housing really close to Oxford City will ensure that it is taken up by people working in Oxford. Some previous plans have shown possible sites well clear of the city which would most probably be taken up by commuters to London and elsewhere, thereby increasing the strain on the infrastructure and the housing problem.

Q28. Please provide further information in relation to the previous question. e.g. why you do or do not consider the Local Plan to be legally compliant or sound.

This plan goes against many of the strategic objectives laid out by the SODC.

OBJ 1.4 - This does not 'focus the development on the Science Vale' - this location offers no transport for workers in the Science Vale. It is also an ideal location for commuters up the M40, so would probably be taken up by the more wealthy London workers, thereby creating other problems without solving local housing problems.

OBJ 4.2 This does not 'make sustainable transport, walking and cycling an attractive and viable choice for people" . Workers in the Science vale would be forced to use cars into Oxford, thereby increasing the traffic & parking problems and congestion.

Q31. Would you like to participate at the oral part of the examination, which takes place as part of the examination process?
