

## South Oxfordshire Local Plan Proposed Main Modifications Consultation Comment Form

**Please return by midnight on Monday 2 November 2020** via email [planning.policy@southoxon.gov.uk](mailto:planning.policy@southoxon.gov.uk) or post to Freepost SOUTH AND VALE CONSULTATIONS (no stamp is needed and no further address is needed)

This form has two parts:  
**Part A** – contact details  
**Part B** – your comments

### Part A

Are you responding as an: (please tick)

Individual

Business or organisation

Agent

A name and contact details are required for your comments to be considered.

#### 1. Personal Details

#### 2. Agent Details (if applicable)

Title	<input type="text" value="Prof"/>	<input type="text"/>
Full Name	<input type="text" value="Richard Harding"/>	<input type="text"/>
Organisation (if relevant)	<input type="text" value="CPRE Oxfordshire"/>	<input type="text"/>
Job Title (if relevant)	<input type="text"/>	<input type="text"/>
Address Line 1		<input type="text"/>
Address Line 2		<input type="text"/>
Address Line 3		<input type="text"/>
Postal Town		<input type="text"/>
Postcode		<input type="text"/>
Telephone Number		<input type="text"/>
Email Address	<input type="text"/>	

### Sharing your personal details

Your name, contact details and comments will be shared with the Planning Inspector and a Programme Officer, who acts as a point of contact between the Council, Inspector and respondents.

This means that you may be contacted by the Programme Officer or the Council with updates and in relation to any necessary consultations on the Local Plan. This is in accordance with Regulation 19 and 22 of the Town and Country Planning (Local Planning) (England) Regulations 2012, Regulation 13 of The Environmental Assessment of Plans and Programmes Regulations 2004 and Regulation 102 of The Conservation of Habitats and Species Regulations 2017.

We have received assurance that the data passed to the Planning Inspector and Programme Officer will be kept securely and not used for any other purpose. The Inspector and Programme Officer will retain the data up to six months after the plan has been adopted.

Comments submitted by individuals will be published on our website, alongside their name. No other contact details will be published. Comments submitted by businesses and/or organisations will be published, including contact details.

Please refer to our Privacy Notice regarding how your personal data is used for this consultation, available on our website [southoxon.gov.uk/newlocalplan](https://southoxon.gov.uk/newlocalplan). If you would like to know more about the councils data protection registration or to find out about your personal data, please visit: [southoxon.gov.uk/dataprotection](https://southoxon.gov.uk/dataprotection)

### Future contact preferences

As explained above, in line with statutory regulations, you will be contacted by the Programme Officer (and where necessary the Council) with relevant updates on the Local Plan. South Oxfordshire and Vale of White Horse District Councils have a shared planning policy consultation database. If you would like to be added to our database to receive updates on other planning policy consultations, please tick the relevant district box(es):

- I would like to be added to the database to receive planning policy updates for South Oxfordshire
- I would also like to be added to the database to receive planning policy updates for Vale of White Horse

## Part B – Please use a separate sheet for commenting on each proposed main modification or consultation document

You can provide your comments on the Emerging South Oxfordshire Local Plan Proposed Main Modifications in this section.

The list of documents you can comment on are:

- Schedule of Proposed Main Modifications
- Schedule of Policies Map Changes
- Sustainability Appraisal Report Addendum
- Habitats Regulations Assessment Addendum

**Please note we are inviting comments on the Proposed Main Modifications and documents listed above only - this is not an opportunity to make comments on any other part of the Plan.**

If you are commenting on the Main Modification document, please provide the main modification number (for example MM1) in the box below.

If you are unsure of the 'modification number', please refer to the Schedule of Proposed Main Modifications.

If you are commenting on any of the other consultation documents (for example the Sustainability Appraisal Addendum), please provide the relevant section, paragraph or page number in the box below:

Modification Number or Document, section, paragraph or page number

MM5 - Policy STRAT2: South Oxfordshire Housing and Employment Requirements

Please provide your comments below:

If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question.

If you wish to include any supporting documents, please attach them to this comment form.

CPRE Oxfordshire continues to contend that the housing numbers proposed are far in excess of the needs of the residents of South Oxfordshire nor of the likely emigration into the District – see our earlier written submission to the Inspection. Despite considerable evidence, based on publications from the Government’s Office for National Statistics, being presented by CPRE Oxfordshire and others at the hearing at the hearings. The Inspector chose to ignore this clear evidence but considered excessive growth demanded by the Government and the subsequent Oxfordshire Deal more important.

The pro rata increase, to accommodate the extra year (2035) in housing and employment targets proposed is unsound. All the evidence (again presented by CPRE at the hearing) shows that the growth rate of population and household formation drops substantially in the late 2020s and 2030s – to less than 0.3% per year. Again, the Inspector has made chose to ignore the facts.

Oxford’s housing numbers, although the subject of separate examination, remain contested given that evidence provided by the City itself suggested that the figures are based on requirement not need, and therefore should not provide justification for the ‘exceptional circumstances’ required for Green Belt release.

If your comments cover more than the boxes provided, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.

Please provide your summary below:

**Thank you for your comments.**

**Please return by midnight on Monday 2 November 2020** via email [planning.policy@southoxon.gov.uk](mailto:planning.policy@southoxon.gov.uk) or post to Freepost SOUTH AND VALE CONSULTATIONS (no stamp is needed and no further address is needed)

MM7 - Policy STRAT4: Strategic Development

Please provide your comments below:

If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question.

If you wish to include any supporting documents, please attach them to this comment form.

The new criteria ix) should say: 'ix) a statement of how it is intended to achieve zero carbon emissions and facilitate renewable energy generation' in line with Council ambition for South Oxfordshire to be zero carbon by 2030. The change from 'low' to 'zero' should be reflected through the rest of the modifications and a clear statement included of the extent to which the Council's zero carbon ambition by 2030 will be achieved (a) by 2030 and (b) by the end of the Plan period.

If your comments cover more than the boxes provided, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.

MM8 - Policy STRAT5: Residential Densities

Please provide your comments below:

If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question.

If you wish to include any supporting documents, please attach them to this comment form.

CPRE continue to contend that the use of firm requirements for minimum densities is essential to ensure the efficient use of land in the District (see our earlier written submission). The proposed modified policies are vague and are laced through with qualifications, such as 'where relevant', and will carry little weight when used to judge planning applications. CPRE Oxfordshire considers higher densities, than the proposed Strat 5, should be considered in certain sites and firm targets should be set. We propose there should be "bands" for each site.

If your comments cover more than the boxes provided, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.

MM9 - Policy STRAT6: Green Belt

Please provide your comments below:

If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question.

If you wish to include any supporting documents, please attach them to this comment form.

CPRE Oxfordshire can see no evidence for the Exceptional Circumstances required by the NPPF to remove land from the Oxford Green Belt (for details see our earlier written submission). Nor that, given that 70% of the new housing and six out of seven strategic sites, are on Green Belt that Green Belt release is anything but the norm rather than the last resort when all other options have been dismissed as the NPPF requires. Additionally, we have seen no evidence assessing the cumulative impact on the Oxford Green Belt of the South Oxfordshire allocations combined with other allocations in the Local Plans of adjoining Districts, in particular Oxford City and Cherwell. Taken together, these would lead to nearly 20,000 houses in the Oxford Green Belt which is equivalent to a City a third the size of Oxford. CPRE Oxfordshire contends that failure to consider these cumulative impacts render the South Oxfordshire Local Plan fundamentally unsound.

The modified wording proposing 'compensatory improvements' is vague and undefined and will carry little weight in planning decisions. We call for specific plans to compensate for the loss of Green Belt, including, as a minimum, the addition of new parcels of land to the Oxford Green Belt equivalent to those removed, as compensatory measures. The Plan should as a minimum outline the nature and extent of these measures.

MM11 - Policy STRAT8: Culham Science Centre

&

page 13 of the [Policies Map Changes](#) document – Culham Thames Crossing

Please provide your comments below:

If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question.

If you wish to include any supporting documents, please attach them to this comment form.

The amount of land to be released from the Green Belt at Culham has been increased from 73 hectares to 77 hectares. There is no justification given for this change nor any indication of how the additional land will be used.

The land now proposed to be safeguarded for the Didcot-Culham river crossing (see page 13 of the [Policies Map Changes](#) document) is a new route that was not in any of the original safe-guarded routes and is much closer to Culham and the school. There is no evidence base to justify this radical change. Rather bizarrely, it now doesn't even link with the safeguarded land south of the river in the Vale (unless it's going to be a very diagonal bridge!).

MM18 - Para 4.119 (page 72 of the Main Mods document) - Policy STRAT14: Land at Wheatley Campus, Oxford Brookes University

Please provide your comments below:

If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question.

If you wish to include any supporting documents, please attach them to this comment form.

The modification adds this text: 'The preparation of the Wheatley NDP (2019-2034) overtook the production of this Local Plan so has been examined in advanced of this Local Plan. This meant that the NDP (2019-2034) was unable to make detailed amendments to the Green Belt. The council is committed to supporting Wheatley and their ambitions for a review of their Neighbourhood Development Plan. *The Wheatley Neighbourhood Plan will be reviewed within two years of the adoption of the Local Plan to release land from the Green Belt, to enable the allocation of land for mixed use development.*' [our emphasis]

Surely this is completely pre-judging the case? We can see that it might talk about reviewing the plan, but surely it can't go this far, not only anticipating Green Belt release but stating for what purpose? We suggest an alternative wording:

*'At the time of making this Plan it was accepted that a proposal to review its Green Belt boundary might be included in a future review of the Wheatley Neighbourhood Plan. As the NPPF requires, the Local Plan recognises that this may then be strategically justified should the need for an extension to the Wheatley boundaries and the proposed uses to which it may be put have been ratified through public consultation and by an appointed Inspector..*

### Sharing your personal details

Your name, contact details and comments will be shared with the Planning Inspector and a Programme Officer, who acts as a point of contact between the Council, Inspector and respondents.

This means that you may be contacted by the Programme Officer or the Council with updates and in relation to any necessary consultations on the Local Plan. This is in accordance with Regulation 19 and 22 of the Town and Country Planning (Local Planning) (England) Regulations 2012, Regulation 13 of The Environmental Assessment of Plans and Programmes Regulations 2004 and Regulation 102 of The Conservation of Habitats and Species Regulations 2017.

We have received assurance that the data passed to the Planning Inspector and Programme Officer will be kept securely and not used for any other purpose. The Inspector and Programme Officer will retain the data up to six months after the plan has been adopted.

Comments submitted by individuals will be published on our website, alongside their name. No other contact details will be published. Comments submitted by businesses and/or organisations will be published, including contact details.

Please refer to our Privacy Notice regarding how your personal data is used for this consultation, available on our website [southoxon.gov.uk/newlocalplan](https://southoxon.gov.uk/newlocalplan). If you would like to know more about the councils data protection registration or to find out about your personal data, please visit: [southoxon.gov.uk/dataprotection](https://southoxon.gov.uk/dataprotection)

### Future contact preferences

As explained above, in line with statutory regulations, you will be contacted by the Programme Officer (and where necessary the Council) with relevant updates on the Local Plan. South Oxfordshire and Vale of White Horse District Councils have a shared planning policy consultation database. If you would like to be added to our database to receive updates on other planning policy consultations, please tick the relevant district box(es):

- I would like to be added to the database to receive planning policy updates for South Oxfordshire
- I would also like to be added to the database to receive planning policy updates for Vale of White Horse

## Part B – Please use a separate sheet for commenting on each proposed main modification or consultation document

You can provide your comments on the Emerging South Oxfordshire Local Plan Proposed Main Modifications in this section.

The list of documents you can comment on are:

- Schedule of Proposed Main Modifications
- Schedule of Policies Map Changes
- Sustainability Appraisal Report Addendum
- Habitats Regulations Assessment Addendum

**Please note we are inviting comments on the Proposed Main Modifications and documents listed above only - this is not an opportunity to make comments on any other part of the Plan.**

If you are commenting on the Main Modification document, please provide the main modification number (for example MM1) in the box below.

If you are unsure of the 'modification number', please refer to the Schedule of Proposed Main Modifications.

If you are commenting on any of the other consultation documents (for example the Sustainability Appraisal Addendum), please provide the relevant section, paragraph or page number in the box below:

Modification Number or Document, section, paragraph or page number

MM23 – Para 5.11 table 5c Policy H1: Delivering New Homes

Please provide your comments below:

If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question.

If you wish to include any supporting documents, please attach them to this comment form.

We note that the net number of new dwelling to 2035 is now 30,056. CPRE Oxfordshire believes this will lead to either a gross oversupply of houses in the District or, more like, a situation of under-delivery against the target leading to the loss of the District's 5-year housing supply and subsequent loss of planning control.

If your comments cover more than the boxes provided, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.

MM25 - Policy H3: Housing in the towns of Henley-on-Thames, Thame and Wallingford

Please provide your comments below:

If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question.

If you wish to include any supporting documents, please attach them to this comment form.

CPRE Oxfordshire is alarmed by the introduction of the words 'minimum' and 'at least' against the targets for the Market towns. We consider this is both unnecessary and dangerous. It is unnecessary because these towns already have ambitious plans for expansion which will take many years, probably over a decade, to be built out. A future review of the Plan could adjust the figures if additional need emerges. It is dangerous because it presents a loophole to allow developers to bring forward additional sites, outside the plan, thus negating the entire purpose of the plan.

The same "at least" is added to employment land. Again "at least" is open-ended and when a developer comes forward with a gross increase it will be hard to argue it is not in line with the Plan.

If your comments cover more than the boxes provided, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.

MM26 – Policy H4: Housing in the Larger Villages

Please provide your comments below:

If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question.

If you wish to include any supporting documents, please attach them to this comment form.

Although paragraph 5.30 recognises that some villages may be constrained by the AONB and not able to achieve the 15% growth, policy H4 (paragraph 2 and the associated footnote) indicates that, if a Neighbourhood Plan does not allocate sufficient sites to meet the requirements set out in paragraph 1, additional planning applications for sites outside those allocated in the Neighbourhood Plan will be supported. This implies that, if the Neighbourhood Plan allocates sites for fewer houses than set out in paragraph 1 of policy H4, SODC will approve planning applications for sites in addition to those allocated in the Neighbourhood Plan to make up the numbers, despite the recognition in paragraph 5.30 that some villages may be constrained by the AONB.

It is acknowledged that failure to bring forward a Neighbourhood Plan means that SODC must take other steps to meet the requirements, a point that was made in paragraph 5.21 which has been deleted in the main modification MM26. However, if the Neighbourhood Plan has progressed to an adequate stage and does allocate sites for a number of houses that can be achieved taking into account constraints or other factors, then it is inappropriate for SODC to override the Neighbourhood Plan and approve applications for other sites, thus ignoring the requirements of paragraph 172 of the NPPF. The requirement is for the LPA to protect the AONB unless exceptional circumstance apply which, in this case, cannot be, and has not been demonstrated

*We support Woodcote Parish Council's proposal that the second paragraph of policy H4 should be amended to remove the words "to meet these requirements" and the footnote amended to remove the word "sufficient".*

MM70 – Policy DES10: Renewable Energy

Please provide your comments below:

If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question.

If you wish to include any supporting documents, please attach them to this comment form.

CPRE fully support the development of renewable energy across the District. We are however concerned about the use of greenfield sites to site solar farms and the broader landscape impact of large wind turbines. We therefore suggest a new wording to page 210:

*The Council encourages schemes for renewable and low carbon energy generation and associated infrastructure at all scales including domestic schemes. It also requires the incorporation of renewable and low carbon energy applications within all development. Planning applications for renewable and low carbon energy generation will, however, only be supported, provided that they can demonstrate they do not cause a significantly adverse effect to:*

- i) landscape, both designated AONB and locally valued biodiversity, including protected habitats and species and Conservation Target Areas;*
- ii) the historic environment, both designated and non designated assets, including by development within their settings;*
- iii) openness of the Green Belt;*
- iv) the safe movement of traffic and pedestrians; or*
- v) residential amenity*

MM11 - Policy STRAT8: Culham Science Centre  
&  
page 13 of the [Policies Map Changes](#) document – Culham Thames Crossing

Please provide your comments below:

If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question.

If you wish to include any supporting documents, please attach them to this comment form.

The amount of land to be released from the Green Belt at Culham has been increased from 73 hectares to 77 hectares. There is no justification given for this change nor any indication of how the additional land will be used.

The land now proposed to be safeguarded for the Didcot-Culham river crossing (see page 13 of the [Policies Map Changes](#) document) is a new route that was not in any of the original safe-guarded routes and is much closer to Culham and the school. There is no evidence base to justify this radical change. Rather bizarrely, it now doesn't even link with the safeguarded land south of the river in the Vale (unless it's going to be a very diagonal bridge!).
