Q7. Please provide your comments in the box below. If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question. You will also be able to upload any supporting documents using the button below.

- Will create excessive traffic noise pollution to the close – proximity residents
- The properties affected will suffer from devaluation, and a decrease in security because of the quick get-away exit routes.
- There will be a serious Pedestrian Road Safety issue, considering the volume of traffic that will come around the roundabout, and the very close proximity of the road
- The original solution that everyone was satisfied with, the outer edge road on Option 1 was agreed and satisfactory.

I strongly ask SODC to stick to Option 1 the previously approved route already AGREE in the Watlington neighbourhood plan.

Option 2 just move the problem from one place to another, do not solve the traffic problem in Watlington.

Q8. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.
