This is a farce of a plan, bullied through by a housing minister with no regards for the impact it will have on current residents.  
There is not enough road capacity for the Bayswater Brook area at the moment, let alone once the new development is built, yet the answer in the plan is just to encourage people to cycle more and take the bus? Or to plow another new road through yet more green belt? Ridiculous.  
The SSSIs of College Pond and Sydlings Copse are already experiencing high footfall and threats to their biodiversity, and the answer of the plan is to build slightly less dense houses nearer them? As though that will magically protect them?  
It is apparent that those invested in the execution of this plan have no interest in listening to the concerns of residents, and are trying to bat away genuine concerns with half-measures and lip-service.

Q8. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.
