Please speak with the local community, listen and understand the impact this will have on the community of Sandhills, the school, the quiet roads, the greenbelt, the wildlife, the pollution levels. We want to be heard.

The road idea between the new development through Sandhills up to the A40 will have devastating effects. Children ride their bikes, families walk to and from school - Sandhills have "liveable streets" - a current trend by Oxfordshire County Council. Yet - here you are - about to take this away and make it an "unliveable street", a "rat-run" no less. There is no denying that this is what it will become.

The greenbelt backdrop and quiet streets is what we crave, what we moved here for - on the outskirts of the city. We don't want your pollution, your expensive housing developments under the faux image of meeting the current housing need.

Talk to us - come and knock on our doors so we know you have heard us. We haven't seen or spoken to one person from any of the councils.

Consider the effects - the school in itself, the school run times (walking, biking, and those who have to drive), consider the one way in and out of Sandhills, consider the building going on on the other side of the A40 (we are being sandwiched), consider children riding their bikes, consider the wildlife, the historic woodland, the biodiversity, consider what the pandemic has proved - we need physical space, cramming people in together is not mentally nor physically beneficially.

Listen to the people you represent.

Q8. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.
