

# Emerging South Oxfordshire Local Plan Proposed Main Modifications Consultation

## Part A - contact details

Q1. Are you responding as an:
Individual

## Individual contact details

Q2. Due to statutory planning regulations, a name and means of contact is required for your representation to be considered:	
<b>Title</b>	Mrs
<b>Full name</b>	Fiona Sarah Danks
<b>Business / Organisation name (if relevant)</b>	
<b>Job title (if relevant)</b>	
<b>Address line 1</b>	
<b>Address line 2</b>	
<b>Address line 3</b>	
<b>Postal town</b>	
<b>Postcode</b>	
<b>Telephone number</b>	
<b>Email address</b>	

## Part B - your comments

Q5. You can provide your comments on the Emerging South Oxfordshire Local Plan Proposed Main Modifications in this section. The list of documents you can comment on are: Schedule of Proposed Main Modifications as amended by Erratum Schedule of Policies Map Changes Sustainability Appraisal Addendum Habitats Regulations Assessment Addendum If you wish to provide comments on more than one proposed main modification or document, you will be given the option once you have completed this section. Please select the document you wish to comment on using the drop-down menu below:
Schedule of Proposed Main Modifications

Q6. Which Main Modification number or consultation document are you commenting on? If you are commenting on the Main Modification document, please provide the main modification number (for example MM1) in the box below. If you are unsure of the 'modification number', please click here to view the Schedule of Proposed Main Modifications. If you are commenting on any of the other consultation documents (for example the Sustainability Appraisal Addendum), please provide the relevant section, paragraph or page number in the box

MM4

Q7. Please provide your comments in the box below. If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question. You will also be able to upload any supporting documents using the button below.

I object to the phrase "Contribute to tackling to climate change"; this is far too vague and a smart target should be set which is ambitious and reflects the council's pledge to tackle the climate emergency. The plan should lay out the ways in which the Council will ensure that all development is carbon neutral and delivers biodiversity net gain.

Q8. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.

*No Response*

Q9. Please upload any supporting documents below:

*No Response*

## Comment again, or finish?

Would you like to comment on another main modification or supporting document?

Yes, I'd like to make another comment

## Part B - your comments

Q10. You can provide your comments on the Emerging South Oxfordshire Local Plan Proposed Main Modifications in this section. The list of documents you can comment on are: Schedule of Proposed Main Modifications as amended by Erratum Schedule of Policies Map Changes Sustainability Appraisal Addendum Habitats Regulations Assessment Addendum If you wish to provide comments on more than one proposed main modification or document, you will be given the option once you have completed this section. Please select the document you wish to comment on using the drop-down menu below:

Schedule of Proposed Main Modifications

Q11. Which Main Modification number or consultation document are you commenting on? If you are commenting on the Main Modification document, please provide the main modification number (for example MM1) in the box below. If you are unsure of the 'modification number', please click here to view the Schedule of Proposed Main Modifications. If you are commenting on any of the other consultation documents (for example the Sustainability Appraisal Addendum), please provide the relevant section, paragraph or page number in the box

MM10

Q12. Please provide your comments in the box below. If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question. You will also be able to upload any supporting documents using the button below.

It is stated that " improvements to highway infrastructure through direct mitigation or significant contributions to new or improved roads..... with due regard to the heritage and landscape setting of the existing settlements " - the proposal for so many new roads will have a huge impact on the following: 1. the local landscape, 2. the peace and quiet of south oxfordshire, 3; local biodiversity with much disruption of local habitats and loss of connectivity between habitats. In addition the creation of so many new roads will only make it easier for yet more cars to use them and goes directly against SODC's stated aim to tackle climate change.

Q13. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.

*No Response*

Q14. Please upload any supporting documents below:

Q22. Please provide your comments in the box below. If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question. You will also be able to upload any supporting documents using the button below.

The development on this site will be destroying parts of the green belt. This paragraph refers to "maintain a sense of openness between the site and the surrounding villages" - what is meant by this? If it is specifically to somehow compensate for the loss of areas of green belt this should be explicit.

Q23. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.

*No Response*

Q27. Please provide your comments in the box below. If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question. You will also be able to upload any supporting documents using the button below.

Development proposals should provide a net increase in canopy cover where possible. All developments should seek to include a wide range of long lived, large canopied trees species to achieve a net increase in canopy cover overall. THIS SHOULD SPECIFY USE OF LOCALLY NATIVE TREES IN KEEPING WITH LOCAL ENVIRONMENT

Q28. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.

*No Response*

. "South Oxfordshire's landscape, countryside and rural areas will be protected against harmful development. Development will only be permitted where it protects and, where possible enhances, features that contribute to the nature and quality of South Oxfordshire's valued landscapes, in particular:..." - I would argue that the scale of development proposed in this plan will ensure irreparable harm to the landscape, countryside, biodiversity and quality of life in South Oxfordshire.

Q33. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.

"The Council will seek the retention of important hedgerows (according to the definition within the Hedgerow Regulations 1997). Where retention is not possible and a proposal seeks the removal of a hedgerow, the Council will require compensatory planting with a mixture of native hedgerow species." Can this statement be made more specific? eg: Could a net gain of hedgerows be guaranteed? What does "compensatory planting" mean?

Q38. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.

Q42. Please provide your comments in the box below. If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question. You will also be able to upload any supporting documents using the button below.

"All Green Infrastructure provision should be designed to meet with regard to the quality standards set out within the Green Infrastructure Strategy, the relevant Neighbourhood Development Plan, or where relevant the Didcot Garden Town Delivery Plan. Consideration should also be given to inclusive access and contributing to gains in biodiversity, particularly through the use of appropriate planting which takes account of changing weather patterns using such guides as the Fieldfare Trust 'Countryside for All – A good practice guide to Disabled People's Access in the Countryside' and the South Oxfordshire Design Guide. Where new Green Infrastructure is provided, applicants should ensure that appropriate arrangements are in place to ensure its ongoing management and maintenance." Could you add that the ongoing management and maintenance will be carried out according to an agreed management plan?

Q43. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.

*No Response*
