As a resident of [REDACTED], Watlington I have been astonished to learn of the new proposed route for the bypass planned in Watlington which is very different from the plan accepted previously and with no consultation with the residents of the Marlbrook Estate.

The proposed route is completely unacceptable for many reasons:

The volume of fast flowing traffic passing through the current and proposed estate causing excessive noise and pollution.

Making current and future crossing places for pedestrians of all ages unsafe and dangerous

Making all outdoor spaces including gardens will suffer from noise and pollution and for those with health conditions such as asthma etc, their gardens could become unusable. In my case I have COPD and the air pollution of such a busy road without a doubt will adversely affect my health as it could many other peoples.

Security, Health and Safety of residents will be compromised

Properties on the rural estate will devalue as a result of this proposal

Q8. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.
