It is very disappointing to see an amendment made to the route of the proposed Watlington Bypass. The original route (not meeting with the Willow Close roundabout) was agreed previously by the residents of Watlington, and this change will negatively affect the residents of Willow, Ash, Beech and Sycamore Closes. It is unacceptable to route a bypass onto Willow Close, as it will bring through traffic into close proximity of existing housing, and present a hazard to pedestrians, school children in particular.

The original route passes through multiple proposed housing developments, which means those developments can be designed in such a way to minimise the impact of the through traffic on the residents. This is not the case if the modified route is implemented as it will pass through an existing housing estate. I strongly oppose the modification to the route shown via the Willow Close roundabout and believe we should retain the original route only, as agreed in the Watlington Development Plan.
