Existing road network highly congested and polluted. Cannot visualise the building of new homes on Bayswater Farm Field resulting in less transport movements I think it would cause more and is more likely to make emissions worse. Site not near enough to Oxford to actually encourage walking and cycling.

It is wrong to allow building of any kind on Bayswater Farm Field. It is flawed to allow this field to be removed from the Green Belt. It will destroy habitats, animals and countryside if this plan is approved. The green field and bridleway is important as I enjoy exercising and walking there and it is beneficial for my well being and is valued. There is no way residents could be compensated for the loss of this amenity.

All suggested road plans to allow for new housing are flawed and unsafe and require scrutiny. It will cause a rat run if the roads between Sandhills and Barton are opened up to allow access to a new housing development. The pollution and danger is unacceptable.
