Dear Councillor

I am just resending you my comments regarding the Bayswater Farm Field. Originally the application was grouped with STRAT 13 North of Bayswater Brook. I understand it has now been resubmitted as a separate application. I wanted to make sure these comments were added to this stand alone application.

Title of proposal inaccurate. Development is south of Bayswater Brook - Bayswater Field. Drawings and information are of insufficient detail, particularly on vehicle access, types of housing and amount of houses.

Notification of development has not been at all open and seems desperate. The details are so sketchy, can only assume the development will affect the access to the countryside. Will also disrupt the quiet roads and add traffic to Green Road roundabout and the traffic lights at Sandhills.

A connection between Bayswater Road and Sandhills would be a disaster. This land is green belt with great views, diverse wildlife and flora, with a well used bridle path running through. This will surely be lost for the profit of a few. Why are new houses required? Information supplied suggests housing needs have been met. The local plan does not comply with the duty to cooperate. Cooperating with local authorities has not taken place.

If to be considered justifications to remove green belt must be provided. Answers to traffic solutions must be presented. Clear plans to show type and density of housing and their necessity.

Traffic at Bayswater Road is already overloaded, increasing traffic is not practical. Sandhills is a small estate which was scandalously developed 15 plus years ago. Planners at this time put restrictions on amount of dwellings as access via A40 was deemed unsuitable for additional traffic.

Yours sincerely

Ray Hessey
