As a Risinghurst resident [REDACTED] I have concerns that there would be insufficient primary school places at Sandhills school for the existing residents of Risinghurst given the extensive planned housing developments potentially being built closer to the school. There is no specific mention of the Bayswater Field Farm development and the implication on pupil generation on sandhills primary school in the main modification. There is also no mention of the OCC Thornhill park development and the proposed plans for 400 further dwellings in Risinghurst which will also be in the catchment area. I feel specific consideration should be given to this to guarantee sufficient primary and nursery school places at Sandhills primary school especially for Risinghurst residents if development at Bayswater farm field is permitted.

I also have concerns about the traffic through Sandhills estate to the development on Bayswater farm field and the creation of a rat run to bypass congestion at Headington roundabout. Any increase in traffic through Sandhills would potentially lead to an increase in traffic through pedestrian areas increasing danger to life especially during Sandhills school opening and closing hours.

Also I am concerned about the creation of a new link road between the A40 Thornhill to Forest Hill junction leaving Sandhill estate and primary school as an island surrounded by A roads and link roads causing noise and pollution

Q8. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.
