If this plan goes ahead, through access to the estate this is going to have a huge increase in the volume of lorries/cars/hgvs at peak times with very little walk way to project anyone using the paths.

This will make the area unsafe

The green on the estate will become unusable by adults and children ruined by excessive traffic and noise

Parking will decrease and properties will suffer from devaluation and decrease in security.

There is also the enviornmental impact on the area for trees etc and the wildlife that live there

Q8. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.
