Just wanted to write an email to express my concern about a proposed housing development at Bayswater Farm situated on a green belt farmland between Barton and Sandhills.

The link road created in the Bayswater Farm Development joining Bayswater Farm Road and the A40 London Road will be an extremely attractive alternative road for cars trying to avoid the very busy Green Road Headington roundabout. This will result in an obvious 'rat run' through residential roads in both Barton and Sandhills (please see attached map). Both areas have local primary schools in the area.

I ask you to oppose this development due to the formation of this link road

Q8. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.
