SODC submit alternative option for traffic route around Watlington. The alternative route would mean air quality at the Marlbrook Estate would be seriously compromised. Also the roundabout serves the only entrance and exit to the estate and there is frequent congestion with through traffic and estate traffic. Adding to this with the alternative option is extremely dangerous. Not least to pedestrians. The impact of the alternative route needs to be investigated as there appear to be no benefits. What is the reason to propose it?

Q8. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.
