I am opposing the alternative route for the proposed Watlington "Bypass" which has recently appear on a modified planning map.

This was not agreed on the previous Watlington Neighborhood plan.

The "relief road", as previously named, did not use Willow close. However, the alternative "bypass" route goes up Willow close, from the roundabout, which is not an acceptable change for the following reasons:

This impacts the houses in Beech close;

There will be an increase in traffic noise & pollution up Willow close, which would affect the residents of Marle brook,

The Green play area would be too close to the proposed new "bypass" & would therefore be a safety hazard to children playing

Danger to pedestrians walking towards the roundabout, particularly children, elderly and people with disabilities, as they would be walking only a meter away from passing trucks & cars, especially during peak times.

Loss of hedgerow, wildlife & loss of trees

Q8. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.
