Subject: Chalgrove Airfield

Dear Sir/Madam—

I would like to give my strongest objection to the the retention of Chalgrove Airfield in the local plan. The coronavirus crisis has added a new level of unsuitability to the scheme. The enormous amount of office space that is now going to be unused in Oxford and surrounding conurbations can be converted to residential property. There is now, therefore, even less reason than before to despoil the pristine landscape of S Oxfordshire that exists on and around the airfield site. Drop Chalgrove airfield now from the plan, and avoid making a catastrophic environmental mistake.

Yours faithfully,

Thomas Mogford
