The modifications to this local plan are inadequate in my opinion. Huge local opposition to the proposed amount of development has been roundly ignored by this review. The purpose of the review is surely to better steer plans that have become controversial. I request, as a long term resident and business owner, that these modifications be revisited to considerably curtail the original local plan, and reduce the number of houses proposed to be built in the area. I further suggest that these plans were reached as a way addressing a housing shortage, however housing there has been considerable development during my 3 decades and these plans up until 2034 would not realistically solve the issue, therefore perhaps the necessary remedy would be for central government to revisit the problem of endemic overpopulation.
