MM17

Q7. Please provide your comments in the box below. If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question. You will also be able to upload any supporting documents using the button below.

At peak rush hour times the Bayswater road junction is already congested. Development of LNBB would only increase this congestion. Any extension of a link road through to A40 between Sandhills and Forest Hill will destroy Woodland Priority habitat. The well used bridleway would need to be crossed and also the Bayswater brook needs to be bridged.

Any link road through Sandhills would be deemed a rat run with commuters trying to bypass the main routes. The roads through Sandhills ie Burrell Avenue are totally unsuitable being narrow residential roads.

Q8. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.

No Response

Q9. Please upload any supporting documents below:

Q11. Which Main Modification number or consultation document are you commenting on? If you are commenting on the Main Modification document, please provide the main modification number (for example MM1) in the box below. If you are unsure of the 'modification number', please click here to view the Schedule of Proposed Main Modifications. If you are commenting on any of the other consultation documents (for example the Sustainability Appraisal Addendum), please provide the relevant section, paragraph or page number in the box

MM9

Q12. Please provide your comments in the box below. If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question. You will also be able to upload any supporting documents using the button below.

It would be terrible for Sandhills residents to lose their only Green space of the BFF, the green space is vital for people's mental health and their general well being.
An area which has already been designated an area of "Countryside Stewardship Scoring Woodland Priority Habitat Network" by the Forestry Commission should not be developed. The area around the brook near Sandhills is one such area. Any developments there will have a massive adverse affect on flora and fauna.
No compensation would be adequate to repay Sandhills residents if proposed building works goes ahead.

Q13. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.

Q17. Please provide your comments in the box below. If your comments are over 500 words it would be really helpful if you could also provide a summary of your comments using the text box in the next question. You will also be able to upload any supporting documents using the button below.

Any development growth in the area of Land North of Bayswater brook and BFF would massively increase traffic and pollution and associated carbon emissions. Even if cyclepaths and increased public transport was provided many new residents may well still have to travel considerably far out of the immediate area for work and so would choose to use their cars and so raising pollution levels.

Q18. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.

No Response

Q19. Please upload any supporting documents below:
