I have lived here over 20 years enjoyed the the wildlife and dog walks
Even when the farm was working with pigs, cows etc
Coming from a concrete jungle to live here is heaven and enjoying my retirement

The lane, bridle way would be destroyed if more heavy vehicles start coming up on this private land as I see it

The mobile homes would not be able to take all the construction around them as remember these are not bricks and motar

Plus building houses that are not affordable to people on low income seems pointless to build and destroy our wildlife and countryside!!

Green belt and old landfill sites are not for building, the fields get flooded!!
Save our countryside & wildlife

Q8. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.
