There appears to be a major error in Table 5d. In the Final Publication version of the Local Plan dated January 2019 the number of housing units in Henley, completed and committed as of 30 March 2018, is given as 1129 (Table 5d, p.90). In the current Main Modification version the corresponding number, as of September 2020, is given as 1170. This indicates that the number of completions and commitments authorized between March 2018 and September 2020 was 41. However according to records of planning applications kept by a member of the Henley Society, the actual number of windfall and PD housing units authorized during the period March 2018 and September 2020 was much higher than 41, in the region of 200. A list of relevant planning applications is available on request. The Henley Society therefore recommends that Table 5d should be modified again to reflect the information above

Q8. If your comments are more than 500 words long, please use the space below to provide a summary. You are not required to summarise your comments, but a summary would help us in our reporting.
